

Project title	Principal Investigator	Affiliation	Species	Country	Grant
Andean bear distribution and land use change implications for populations in Peru	Falconi Lopez Nereyda	University of Massachusetts	Andean bear	Peru	\$10,000.00
Marking behavior, population density estimates, and terrain use of Andean bears <i>Tremarctos ornatus</i> – generating knowledge for conservation of a threatened umbrella species	Filipczyková Eva	Universidad Técnica Particular de Loja, Ecuador	Andean bear	Ecuador	\$3,000.00
'Sloth Bears go hunting': Exploration of new feeding habits of <i>Melursus ursinus</i> in Eastern India	Mardaraj Prakash	Saurashtra University, India	Sloth bear	India	\$4,772.00
Brown bear behavior in human-dominated landscapes: the effect of human density and ecotourism	Penteriani Vincenzo	Spanish Council of Scientific Research	Brown bear	Spain	\$4,500.00
Why aren't there Asiatic black bears in the Terai of Nepal? Implications for sloth bear conservation	Pigeon Karine	FRI Research, Alberta	Sloth and Asiatic black bears	Nepal	\$8,500.00
Landscape characteristics and population genetic structure of Malayan sun bears ( <i>Helarctos malayanus</i> ) in Malaysia	Ratnayeke Shyamala	Sunway University, Malaysia	Sun bear	Malaysia	\$4,974.00
Investigating population of brown bear in the K2 Valley, Karakoram Range	Rehman Ejaz ur	Quaid-i-Azam University, Pakistan	Brown bear	Pakistan	\$9,360.00
Consolidating the Genzana Bear Smart Community	Salviamo l'Orso	Salviamo l'Orso	Brown bear	Italy	\$1,490.00
First Steps in Preventing the Disappearance of Sloth Bears and Sun Bears from Northeast India	Sharp Thomas	Wildlife SOS	Sloth, Sun and Asiatic black	NE India	\$7,950.00
Andean Bears as an Umbrella Species for Landscape Conservation in the Chocó-Andean Corridor, Ecuador	Springer Vanessa	Cornell University, NY, USA	Andean bear	Ecuador	\$10,000.00
Understanding and conserving the Gobi bear ( <i>Ursus arctos</i> ): non-invasive genetic sampling sheds light on the ecology, population size, diet, and taxonomic status of the world's rarest bear <sup>a</sup>	Tumendemberel Odbayar	University College of Southeastern Norway	Brown bear	Mongolia	\$5,062.00
Conservation of Asiatic black bear populations by mitigating human-bear conflict through development of joint rapid response mechanism in Mansehra District, Khyber Pakhtunkhwa, Pakistan (2nd Grant application)	Waseem Muhammad	WWF-Pakistan	Asiatic Black bear	Pakistan	\$5,800.00
Estimating survival, reproduction, and density of tropical bear populations: baseline demography for conservation in threatened forest complexes <sup>a</sup>	Ngoprasert Dusit	University of Technology Thonburi, Thailand	Sun bear, Asiatic black	Thailand	\$10,000.00
Sun Bear ( <i>Helarctos malayanus</i> ) conservation: population monitoring, community anti-poaching patrols, and education & constituency building in East Kalimantan, Indonesian Borneo <sup>a</sup>	Gabriella Fredriksson	Pro Natura Foundation, Indonesia	Sun bear	Borneo	\$8,890.00
